Due:

Tuesday May 9, 4:00pm

Upload your final report in an ACM conference proceedings format to this assignment.

Report Guidelines:

The final report will be 6 pages in the ACM conference proceedings format. The reports should follow the empirical research reporting guidelines of the [APA Manual](#) in their structure and how they report [statistics](#). The teams should also look at the last three year's HRI, RSS, or CHI Conference proceedings (e.g., [HRI 2017](#), [RSS Proceedings Archive](#), [CHI 2016](#)) for example reports of work similar to theirs.

The paper must conform to a common conference format. Conference Word and Latex templates can be downloaded at:

- [HRI](#)
- RSS: [Latex](#) and [Word](#)
- CHI: [Latex](#) and [Word](#)

This report should be prepared as a group. In addition, you will each need to turn in an individual reflection. See the [Final Individual Report](#) assignment for more details.
